

2.1 Course Completion Gas Gauge

The Course Completion Gas Gauge Report is used to show the status of all users enrolled in a course. It also displays a gas gauge chart that represents the percentage of students who have completed the course.

Report Path:

Dashboard > Side drawer > Reports > Course Reports > Course Completion Gas Gauge

The screenshot displays the Learnexify Dashboard interface. At the top, the navigation bar includes the Learnexify logo, a 'Home' link, a 'Dashboard' link (highlighted with a red box and an arrow), 'My courses', and 'Site administration'. On the right side of the navigation bar, there are notification icons (a bell with '33' and a speech bubble), a user profile icon, and an 'Edit mode' toggle switch.

The main content area is divided into two panels. The left panel, titled 'Learnexify Administration', contains a list of administrative options: 'campus: Lahore Campus', 'campus: Islamabad Campus', 'campus: Melbourne Campus (AU)', 'campus: New York Campus (US)', 'campus: testing', 'Admin', 'Users', 'Program', and 'Reports' (highlighted with a red box). Below this list is a 'Schedule Reports' link. A red arrow points from the 'Reports' link in the left panel to the right panel.

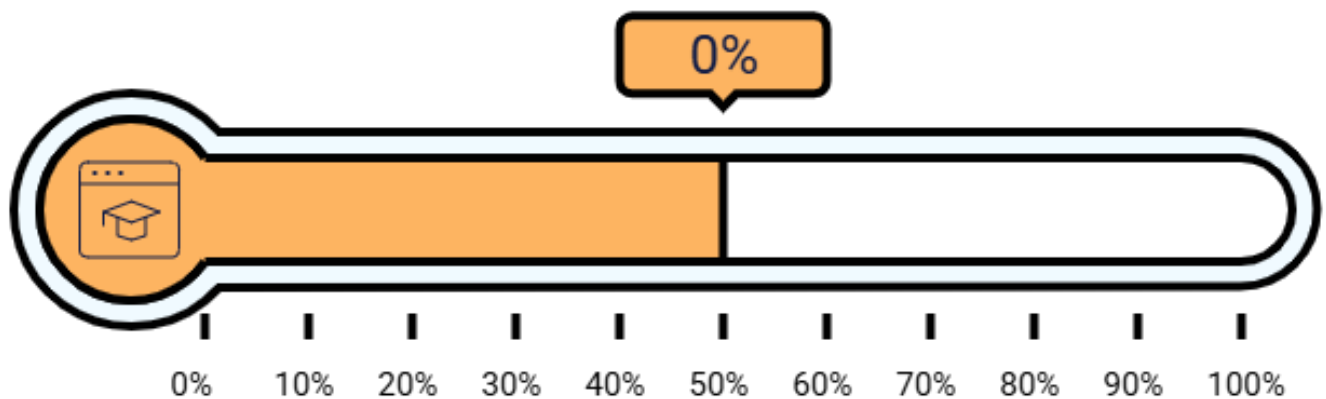

The right panel displays a list of report categories: 'Program', 'Reports' (highlighted with a red box), 'Schedule Reports', 'Program Reports', 'Course Reports' (highlighted with a red box), 'Course Completion Gas Gauge' (highlighted with a red box and an arrow), 'Sitewide Course Completion Report', 'Class Reports', 'Organization/User Set Reports', 'User Reports', and 'Administrative Reports'.

Report Requirements:

This report requires completion elements to be available in the Learnexify course.

If a course or class does not contain completion elements, its data will not be included in the report.

Learnexify Course Completion Elements

Courses without Completion Elements

Data is excluded if completion elements are missing.

Report Filter:

The report filter contains two fields, Course and Inactive. Neither field is required.

To generate a report for all courses on the site, keep the Course field set to "Any Value".

To generate a report for a specific course, select the required course from the Course dropdown menu.

Active users are always included in the report, and including inactive users is optional.

To view the report, click on the Show Report button located at the bottom of the page.

Show Report

Explanation of Report Data:

The report displays the status of all users enrolled in the course along with their completion percentage.

Class -----> refers to the class instance in which the learner is enrolled.

Status -----> refers to the learner's completion status. If the completion requirements are met, the status is shown as "complete".

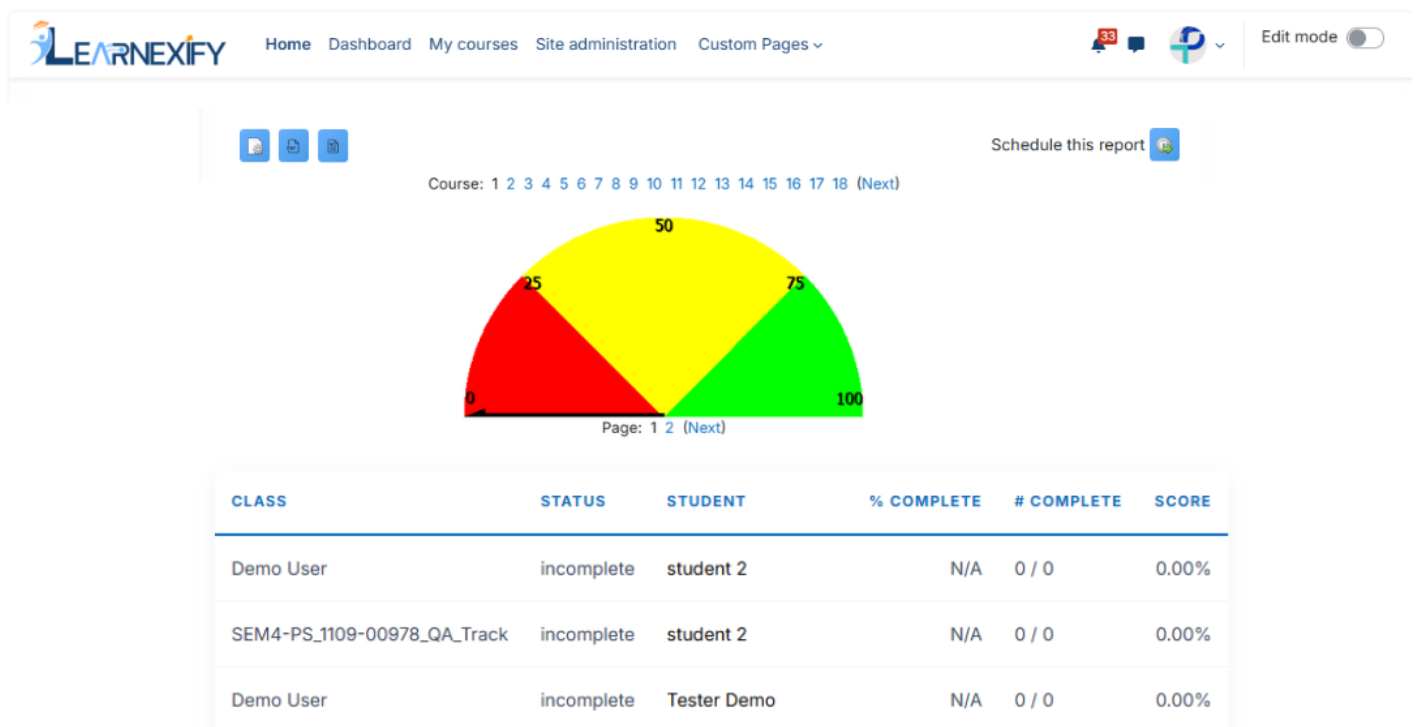

Student -----> refers to the enrolled learners. Clicking on a student's name opens their Learnexify profile page.

% Complete -----> refers to the percentage of completion elements that the learner has completed.

Complete -----> refers to the total number of completion elements that have been completed by the learner.

Score -----> refers to the learner's current percentage grade in the

course.

Report Configuration:

Click on the Configure Parameters icon (top left) to change report settings and apply filters.

Report Scheduling:

Click on the Schedule Reports icon (top right) to schedule the report to run automatically at a specific time.

Export Report:

The report can be downloaded in PDF or CSV format using the download options at the top left of the report.

Report Refresh:

Click the Refresh button at the bottom center to update the report with the latest data.
