

Overview & Setup

The Learning Plan Widget is a dashboard-level tool used to view and manage learning paths in a single consolidated view. It provides learners and administrators with visibility into:

- **Program Overview:** Program names and descriptions.
- **Course Progress:** A list of related courses and their enrollment status (Enrolled vs. Not Enrolled).
- **Performance tracking:** Course completion status (Complete/Incomplete) and current grades.

Program Overview

Displays program names and descriptions.

Course Progress

Lists related courses and their enrollment status.

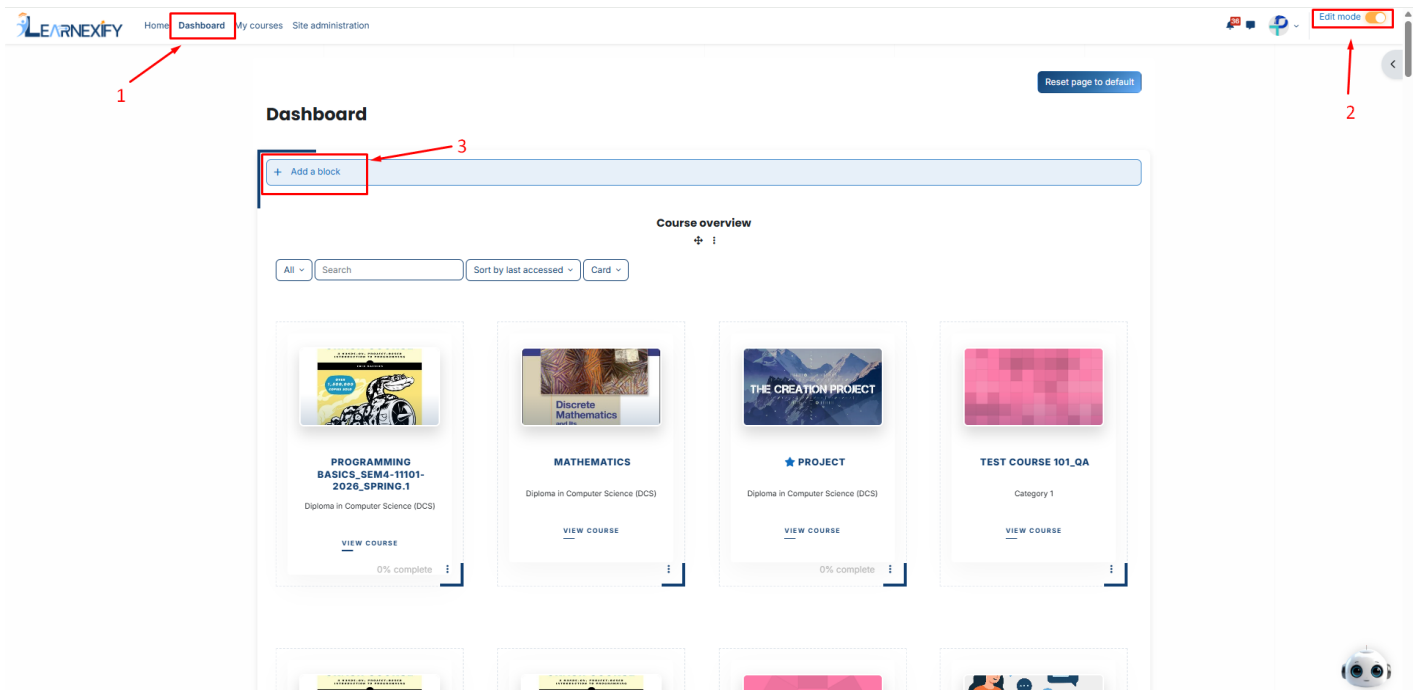

Performance Tracking

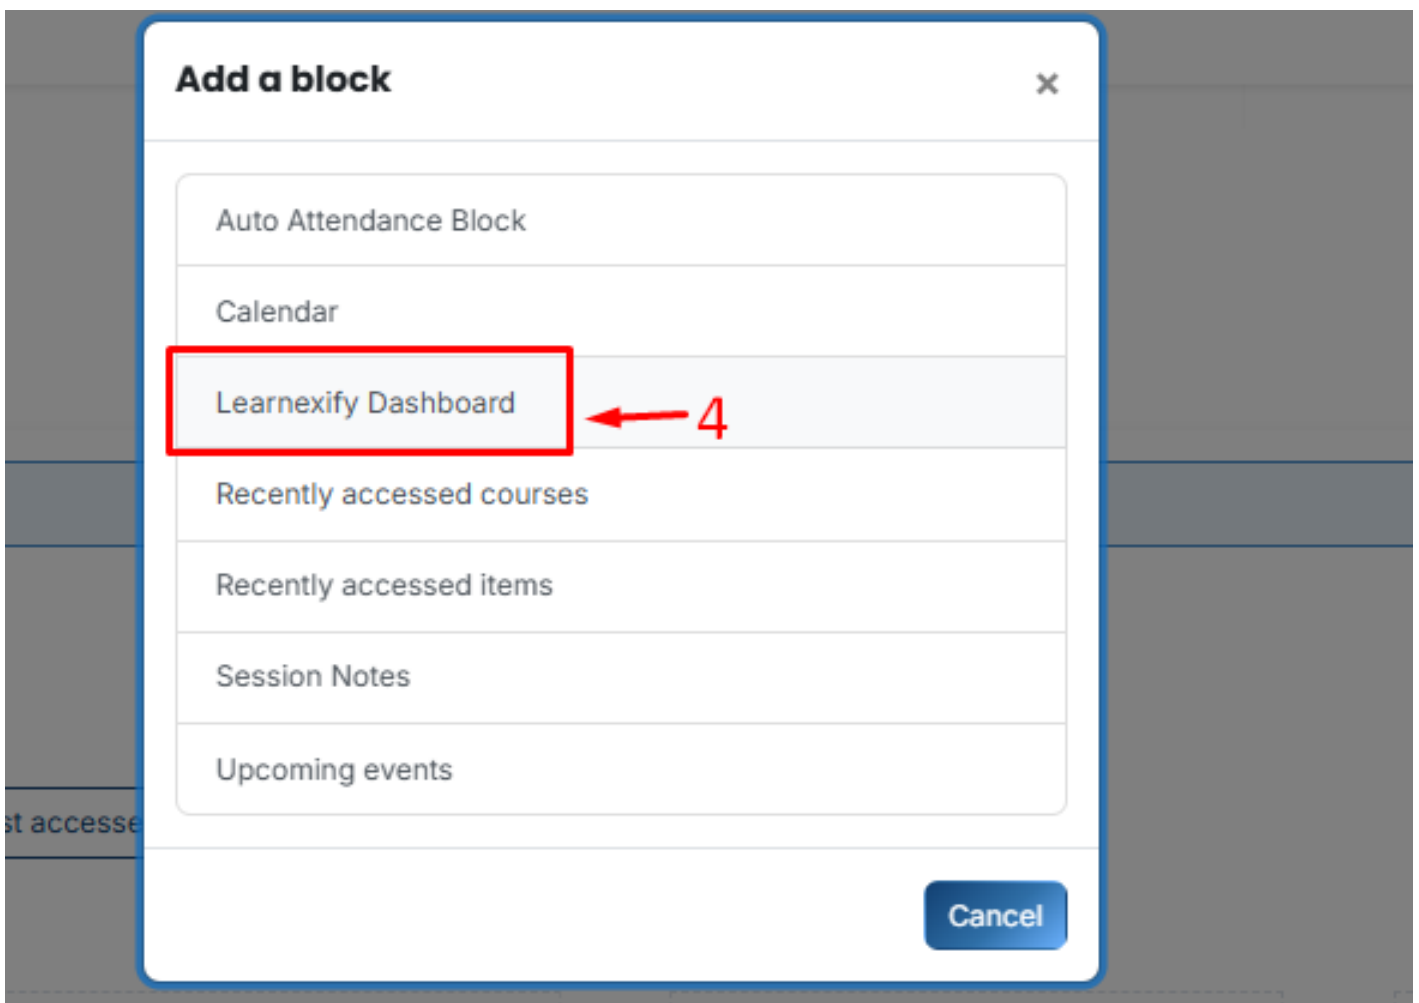

Shows course completion status and current grades.

To make this widget visible to your users, follow these steps:

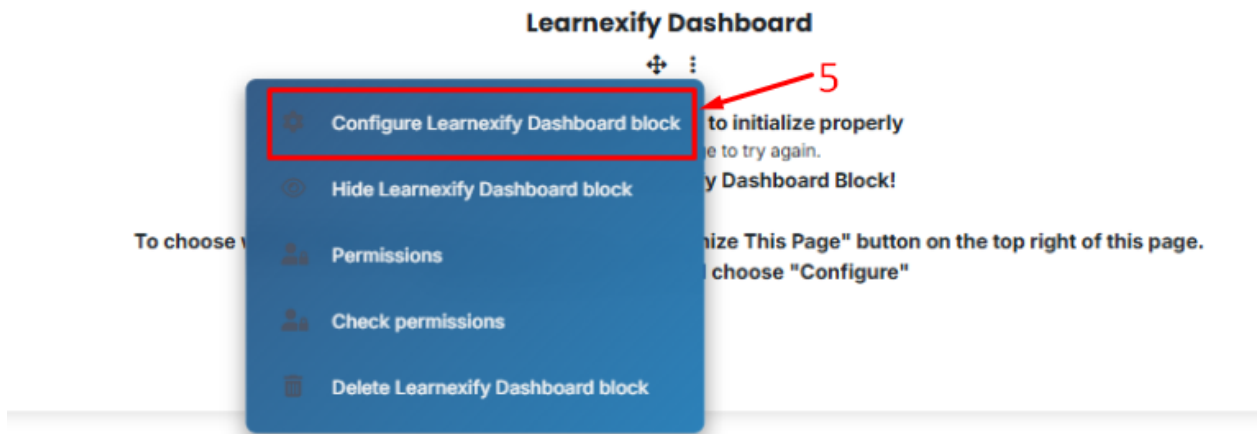

- Navigate to your **Dashboard**.
- Toggle **Edit Mode** to "On" (located in the top right corner).
- Click the **Add a block** button.

- Then, Select **Learnexify Dashboard**.

- Locate the new block, click the **Three-dot menu (?)**, and select **Configure Learnexify Dashboard block**

- In the Select Widget dropdown, choose **Learning Plan Widget**.
- Click **Save changes**.
