

Widget Configuration & Display Settings

To configure this program widget, go to **Side Menu > Admin > Widgets > Program Widget**.

On the program widget page, you will see the following configuration options:

- **Sync User's Grades:** When enabled, student grades are recalculated in the background every time the dashboard loads. This ensures the progress bar always reflects the most recent academic data.

Progress Bar:

The progress bar provides a graphical representation of the learner's completion status.

- **Enabled:** Toggle the progress bar on or off.
- **Color Stages:** You can customize the colors based on three completion tiers to match your institution's branding:

- **0%–49%:** Initial progress (**Default: Red**).
- **50%–79%:** Mid-way progress (**Default: Yellow**).
- **80%–100%:** Near completion/Success (**Default: Green**).

Programs Widget

Sync User's grades

☒ Default: Yes

ellswidget_enrollment | syncusersgrades

If enabled, user's grades will be sync'd when the widget is initially loaded on a page.

Progress Bar

If a program has required credits set, a progress bar can be shown for students to help them track their progress. The following settings deal with the progress bar.

Enabled

☒ Default: Yes

ellswidget_enrollment | progressbareenabled

Turn the progress bar on or off completely. If on, a program will still have to have it's required credits set for the progress bar to appear.

0%-49% Color

ellswidget_enrollment | progressbarcolor1

#A70505

Default: #A70505

The progress bar will be this color if progress is between 0% and 49%.

50%-79% Color

ellswidget_enrollment | progressbarcolor2

#D5D100

Default: #D5D100

The progress bar will be this color if progress is between 50% and 79%.

80%-100% Color

ellswidget_enrollment | progressbarcolor3

Revision #1
